Description:

1. UNIMUDA Sorong, Host of the II West Papua Nature Lovers Gathering. Sorong Muhammadiyah University of Education hosted the West Papua II Nature Lovers Gathering. The activity was held on 21-23 June 2019 at the Sportorium UNIMUDA page, Sorong. In this Nature Lovers Gathering activity, there are several interesting activities in it, including Cave Crossing, Clamping, various social activities related to the environment. According to the Head of the Organizing Committee, Roland Kerubun, said the Nature Lovers Meeting II was attended by various Nature Lovers Communities in West Papua, there were 14 nature lovers who took part in this activity.
2. UNIMUDA Sorong Nature Lover student named MPA GEMPA on July 23, 2019 at the UNIMUDA Sorong Campus held a Fun Game and waste recycling competition involving Nature Lovers Students (SISPALA) from high school students throughout Sorong Raya. This activity aimed to increase the sense of solidarity between nature lovers as well as a place to grow young souls and spirits by being creative through fun games and waste recycling competitions.
3. On July 30, 2019, the Maybrat Students Communication Forum (Forkomam) UNIMUDA held a conference on Ayamaru Lake. This conference was held to respond the various natural disasters that occurred around Lake Ayamaru Kab. Maybrat, and unite views to manage Lake Ayamaru.
4. On 24-26 August 2020, the Faculty of Science and Technology of the Sorong Muhammadiyah Education University held an Exhibition with the theme "Variety of Student Works of FST UNIMUDA Sorong in celebration of the "HUT RI". Various kinds of student works were exhibited in the exhibition. Aquaculture Study Program students participated in this activity. The Aquaculture Student Association (HIMAKUA) took the initiative to make crafts in the form of an aquarium using used goods. Craft (TV Aquarium) is a business innovation in the form of aquarium interior design by utilizing used goods such as tv so that it has a high aesthetic value that is environmentally friendly. This exhibition activity is expected to hone creativity, student innovation to foster an entrepreneurial spirit and make smart solutions for the transformation of used goods that have economic value.
5. The Civil Engineering Student Association of Muhammadiyah Education University (Unimuda) Sorong held a social service activity in Warmon Kokoda Village, Kab. Sorong on Saturday 14 September 2020. This social service activity included environmental cleaning and tree planting activities in Warmon Kokoda Village, Mayamuk District, which involved all Civil Engineering students as well as students from the Faculty of Social Sciences and Humanities (FISHUM) Unimuda Sorong.
6. Aquaculture students who are members of the PHP2D team of the Faculty of Science and Technology (23-11-2020) Sangkuriang catfish harvest with fishery group tarpaulin pond media in Klasmelek village, Mayamuk District, Sorong Regency. harvested symbolically by the Chancellor of the Muhammadiyah Education University (UNIMUDA) Sorong together with the Community Empowerment Service and Kab. push. and attended by several lecturers of the Faculty of Science and Technology (FST).
7. On Friday, June 04, 2021 at well 2 PT. Petrogas/Petrochina held an opening celebration to commemorate World Environment Day. This celebration was opened by the Deputy Regent of Sorong, Mr. Suko Harjono S.Sos., M.Sc. Representatives of students from the Faculty of Social Sciences and Humanities, Muhammadiyah Education University, Sorong, attended the commemoration. This commemoration was carried out by planting trees in Maibo Village.
8. 19. Muhammadiyah Education University (UNIMUDA) Sorong collaborated with the Sustainable Archipelago Ecosystem Foundation (EcoNusa Foundation) in conducting

Community Service Lectures (KPM). There were 16 student representatives of FKIP UNIMUDA Sorong who participated in the program including 8 students (Information Technology Education), 3 students (Physical Education), 3 students (Elementary School Teacher Education) and 2 students (English Education). This program was implemented in the Konda District of South Sorong Regency for 1.5 months starting from September 11 to October 23, 2021.

9. 20. Student PKM-PM 2021: Application of Biopori in North Sorong Malasilen Village. PKM (Student Creativity Program) is a forum formed by the Directorate General of Learning and Student Affairs of the Ministry of Research, Technology and Higher Education (KEMENRISTEK DIKTI) of the Republic of Indonesia in facilitating the potential of Indonesian students to study, develop, and apply science and technology that has been learned in lectures to the wider community. On this occasion the PKM HMTK team passed the funding for the Community Service category (PKM-PM) with the title "Infiltration Hole Biopori Drainage with Alternative Insights in Overcoming Flooding in Malasilen Village, North Sorong, West Papua".
